

Would you like to see an example of how I charge?

Many parts can have individual prices. Below is a sample list. The only time this price might change is if we find modern glues other than hot hide glue and difficult-to-remove materials, or if modifications or damage has been done, depending. I'll go easy on you, though. In that case, we might charge some things by the hour plus whatever materials were required to fix it. Talk to me. My hourly rates are \$35.00, often estimated for the work to be done before-hand.

All Work tested & unconditionally guaranteed, materials and performance!		
ITEM	PRICE (no shipping)	EST. DELIVERY
small pneumatic set (88)	\$528.00 (\$6/ea)	1 month
larger bellows	.75 cents/sq. inch	1 month
