Spirit Of Independence -- SOFI--

An amazing musical wonder, far surpassing the capabilities of its European predecessors, plays both Orchestrion rolls and computer MIDI arrangements. (Hear examples-- below)

For truly expressive, dynamic music in the most dazzling, limitless arrangements on an instrument having perfect tonal balance and versatility, playing both classical and jazz music flawlessly, SOFI is the orchestrion capable of doing it all with such ease and beauty.

The live performances are stunning and the arrangements as complex as the musical mind can conceive, because this versatile and powerful orchestra reproduces every nuance and device the arranger is able to provide.

If you would like to read more about SOFI and how she was conceived and constructed, click [here](#).
