BUILD-IN SATISFACTION . . . BUILD-IN FRIGIDAIRE COOKING EQUIPMENT

# equipment

BEAUTIFUL • EASY TO INSTALL • **work-saving** • CONVENIENT

## A HAPPY WORD TO WOMEN WHO HATE TO CLEAN OVENS:

### FRIGIDAIRE MAKES IT A SNAP!

**FLAIR WALL OVENS.** Take these modern beauties, for instance. Shelf supports lift out in a twinkling. Beautiful, counter-balanced glass doors glide up at a finger touch — expose the spacious, smooth ovens for easy, no-stoop, up-close cleaning. Inset shows how doors can even be tilted downward for full access to inside glass pane.

**DROP-LEAF AND FRENCH DOOR WALL OVENS.** Choose the model or type you like best — and watch cleaning chores get easier! Drop-Leaf Doors can be let straight down to bring oven interiors up close. French Doors swing back, out of the way, for effortless reach-in convenience. And lower oven on large model pulls out right to your cleaning cloth!

**COMPACT 30" RANGES.** Talk about "all-over" cleanability — Compact 30's are famous for it! Smooth interiors, rounded corners, and removable shelves speed up, ease up the cleaning chore. Control knobs easily lift off sleek console for quick polishing. Radiantube Heating Units are virtually self-cleaning — swing up for instant removal of drip bowls. And raised edge around top keeps spillovers off floor and adjacent surfaces. These same surface cooking features are found on most Frigidaire Built-In Cooking Tops, too!

FLAIR

COMPACT 30"

BUILT-IN WALL OVEN

## SO VERY BEAUTIFUL

Attractively simple styling is featured in this compact built-in beauty. Sleek, recessed console of Brushed Chrome, with two-tone control knobs. Choose the exterior finish that will glorify your kitchen — Brushed Chrome, Snowcrest White, or 4 lovely Frigidaire Kitchen Rainbow Colors.

## ...AND PRACTICAL

Four identically sized models that can be installed in minutes with a screwdriver. (Saves time, saves money!) Can be placed in pre-cut opening in standard depth cabinets or **between** cabinets. Spacious oven has 23" inside width—easily holds 6 king-size pies, giant roasts or turkeys.

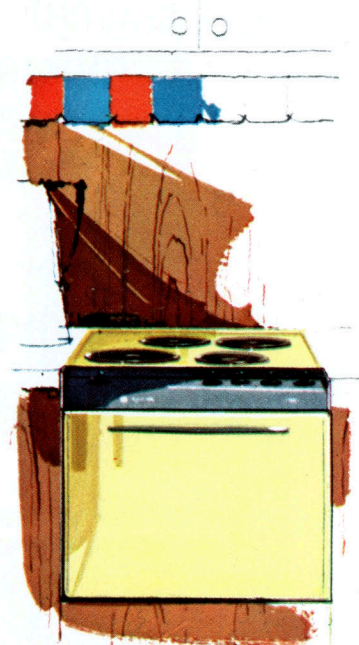

VERSATILE FRIGIDAIRE

# Compact 30"

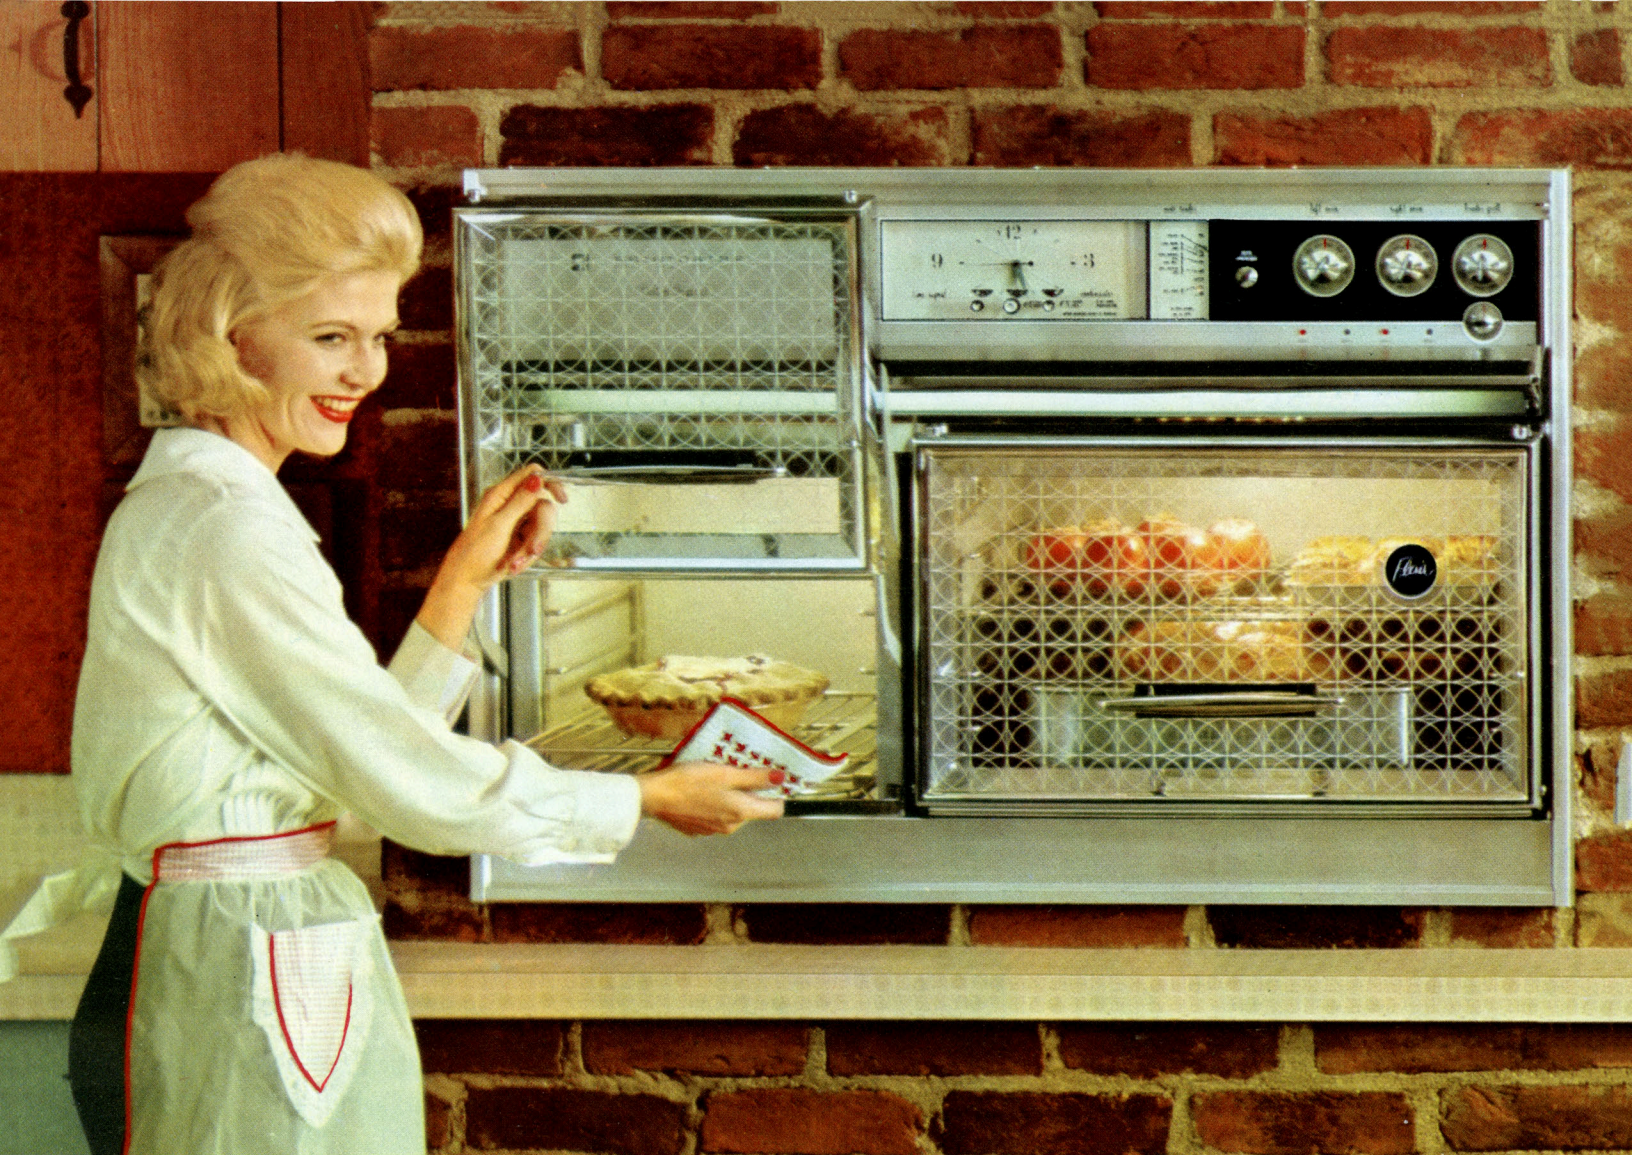

THE BUILT-IN "COMPLETE MEAL" RANGES

NO WONDER COOKING IS EASIER!

- Easy to read and reach control knobs for oven and surface cooking
- Two 6-inch and two 8-inch Radiantube Surface Cooking Units
- Two fast-heating Radiantube oven units — Broil and Bake
- Automatic signal lights
- Automatic Cook-Master, Electric Appliance Outlet, and Time Signal on RBE-533 and RBE-G533
- Two models with large glass window in door RBE-G530, RBE-G533

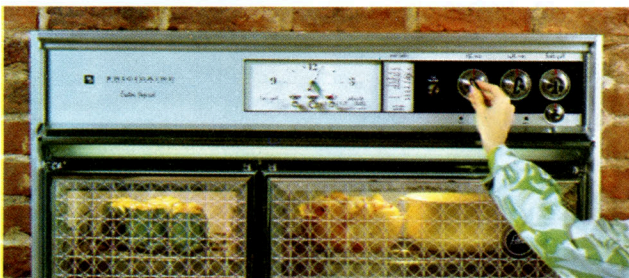

YOUR KITCHEN WILL BE  
MORE BEAUTIFUL WITH A  
FRIGIDAIRE

*Flair*

WALL OVEN

True aristocrat—undisputed beauty—of oven cooking equipment! Three stunning models, one with double oven (above), that will “go” perfectly with your kitchen styling—meet your cooking and budget requirements precisely. Glide-Up Glass Doors with filigree design for supreme beauty, see-in utility. Exquisitely styled, with bright chrome and aluminum trim. Double-oven and one single-oven model have Spatter-Free Broiler Grill with Automatic Control, Meat Tender Control, and Fluorescent light. Automatic Cook-Masters on all models.

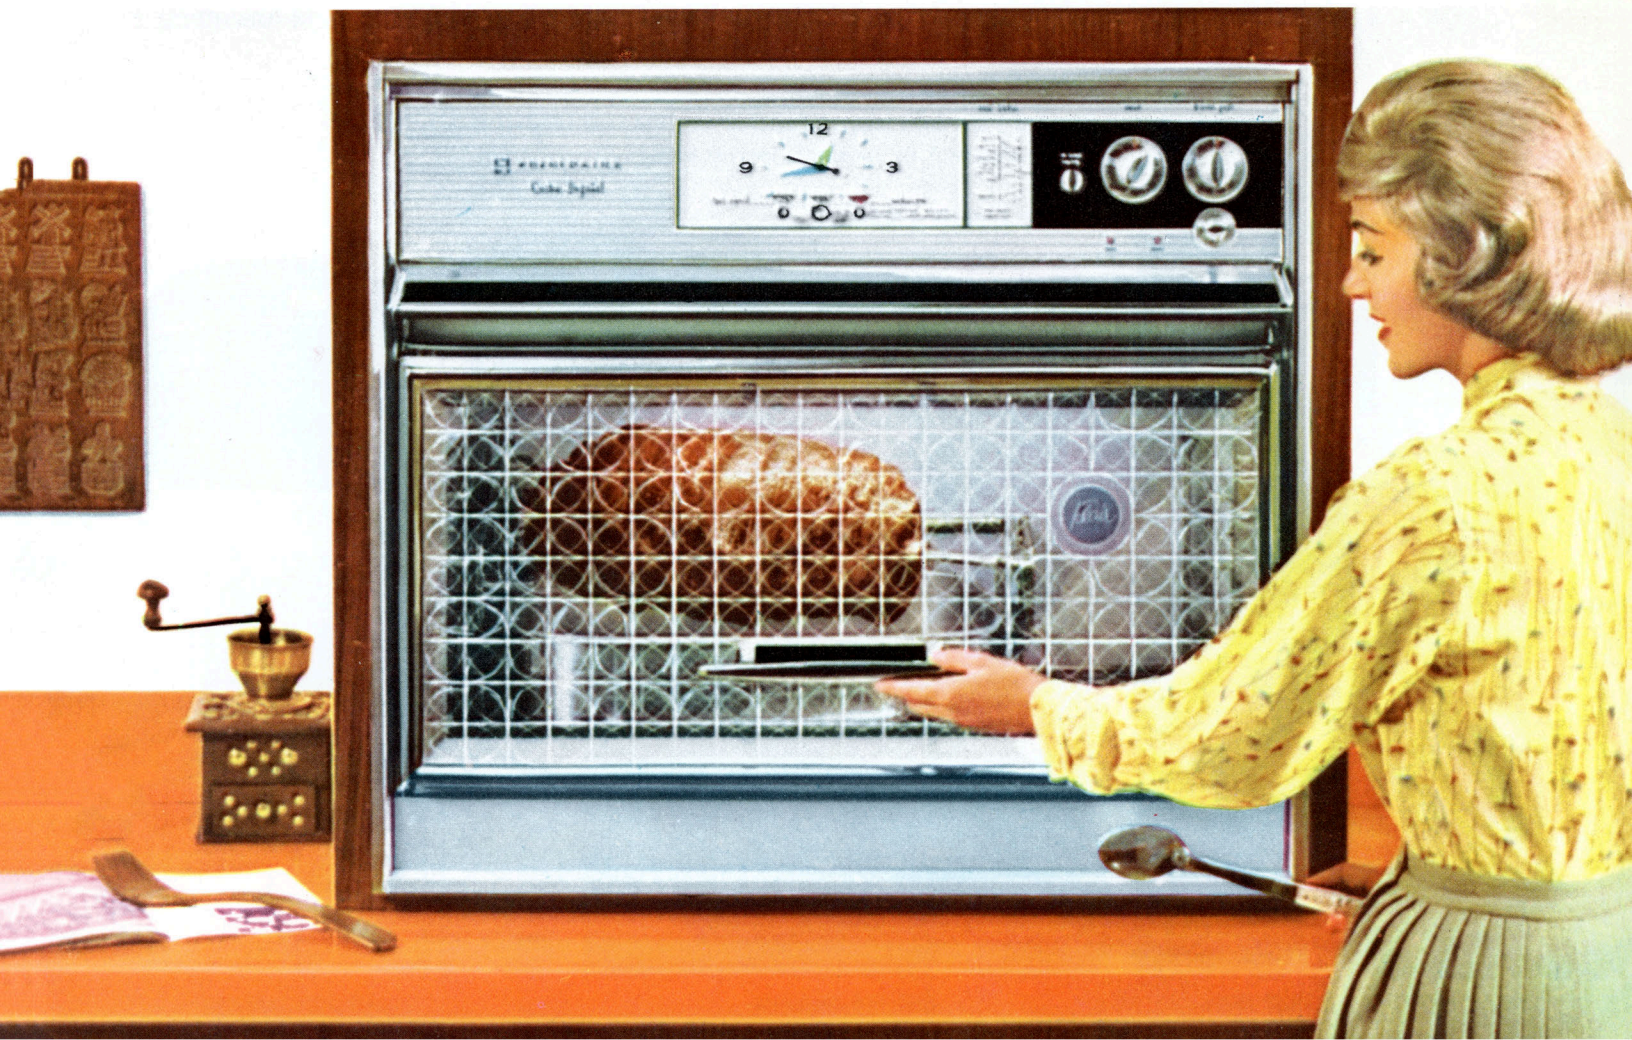

**CAREFREE COOKING STARTS HERE.** Full-width, glass-covered panel houses all the Flair operating controls. Knobs are easily removable for quick, spick 'n span cleaning of the panel. Each control is clearly marked for easy identification and use. Eye-level location; shielded against oven heat.

# FRIGIDAIRE *Flair's* GIVE YOU AN EASY-TO-ACHIEVE BUILT-IN LOOK

There's nothing so beautiful as a built-in Flair! Hardly anything so easy to install, either. Making it a part of your kitchen is fast and simple — in walls, cabinets, or in cabinets recessed on counter tops. Only four screws are required for installation.

**SPACE FOR EVERYDAY, HOLIDAY, MEAL-MAKING.** Single-oven models have 26" inside width. Large oven of double-oven model is 20½" wide inside; left-hand oven is 12½" wide. This means lots of shelf capacity even for large-family or "company" meals. Even, accurate heat is effectively held in by thick insulation on sides, back, top, and bottom, and by twin panes of heat-resistant glass in door... Remember, the Flairs are as practical as they are beautiful!

GLAMOR SELECTION OF  
**FRIGIDAIRE DROP-LEAF  
OR FRENCH DOOR  
WALL OVENS**

CHOICE OF  
DOOR DESIGN,  
DOUBLE OR SINGLE OVENS,  
GLASS WINDOWS,  
FEATURES,  
ACCESSORIES

**SO VERY WONDERFUL TO BUILD IN, COOK IN . . .**

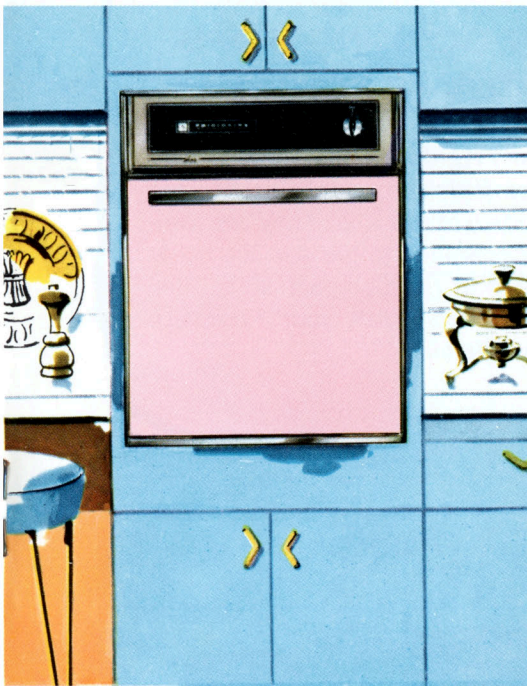

Chances are, if there's any one feature or combination of features you're looking for in a Wall Oven, you'll find it in this exceptionally popular line. The models shown on the facing page help prove the point. There's a grand oven meal-maker for the most restricted budget—others that climb the feature ladder up to the luxury double-oven model with all of today's cooking conveniences. Choice of Drop-Leaf or French Door models for easiest-ever cleaning. Glass "window" doors that let you peek without disturbing temperatures. And if you need really big capacity, there's the spacious Custom Imperial with work-saving Pull 'N Clean lower oven!

**LOW-COST INSTALLATION.** Whichever of these models you choose, rest assured that installation costs will be pleasingly low. After simple preliminary preparations are made, oven is merely slid into opening, connected to electrical circuit, and secured with 4 screws (2 mounting clamps on French Door model).

### ENJOY THESE "COOKING EXTRAS"

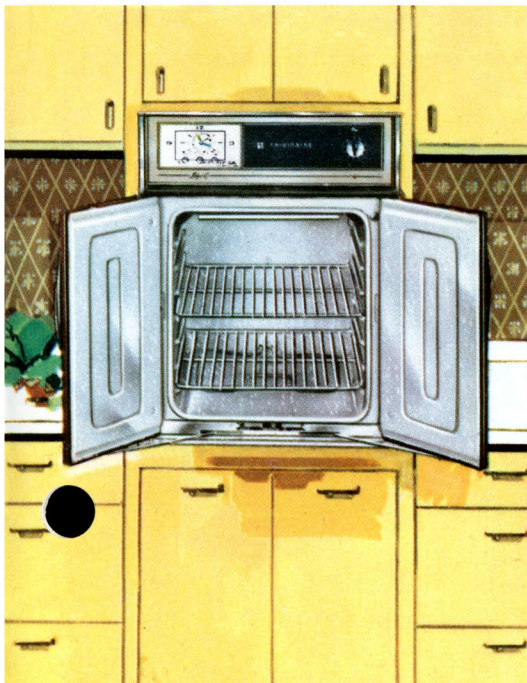

**AUTOMATIC COOK-MASTER:** Turns oven on automatically at pre-selected time and temperature, lets meal cook while you're away, turns oven off at desired time. (On \* models.)

**MEAT TENDER CONTROL:** Automatically does your roasting—buzzes to signal you when it's "just right." (On RBF-99, RBF-G99, and RBF-G95.)

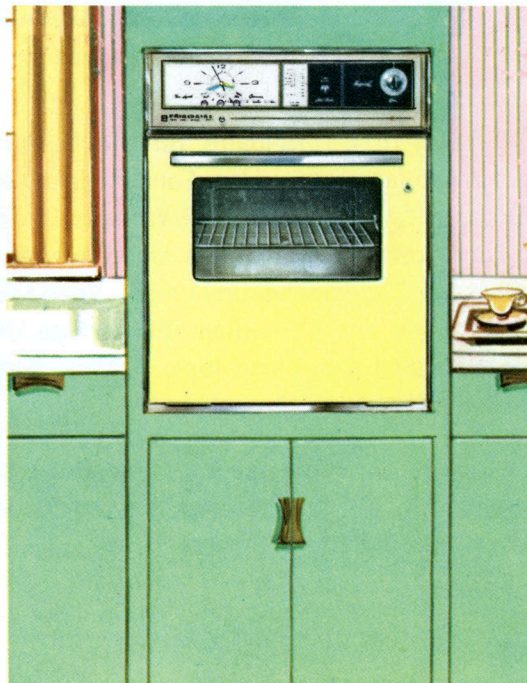

**BROILER GRILL CONTROL:** Does the broiling automatically—and perfectly—just as you like it: rare, medium, or well done. Radiant Wall Spatter-Free Pan keeps oven cleaner, too. (On RBF-99 and RBF-G99.)

**AUTOMATIC ROTISSERIE:** Lets you "rotisserie" in your oven automatically—meat is basted in its own juices—browns evenly—tastes divine! (Optional on \* models.)

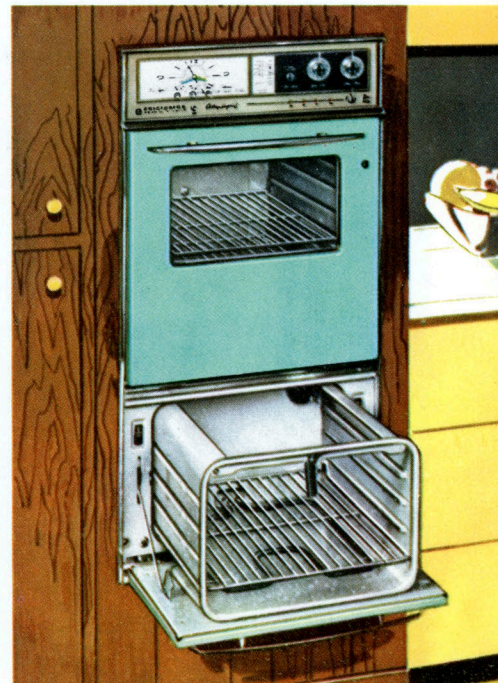

\*RBE-94-1, RBE-G94-1, RBE-90-1, RBF-G95, RBF-99, and RBF-G99.

## A FRIGIDAIRE BUILT-IN COOKING TOP

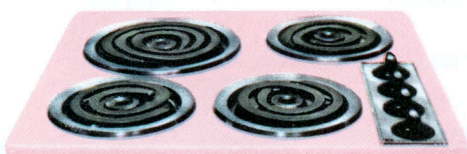

CAN BE THE PERFECT  
MATCH-MATE  
FOR THE WALL OVEN  
OF YOUR CHOICE

## NEW COOKING TOPS JUST ANNOUNCED!

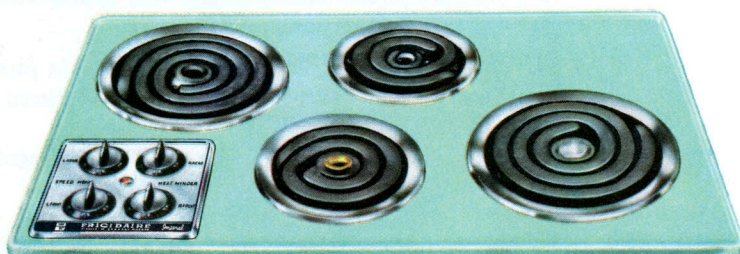

Two new Frigidaire built-in Cooking Tops, the RBF-120 and RBF-121, are being added to the line. They are similar in appearance to the surface cooking section of the Compact 30's. (See pages 3 and 9.) Ask your Frigidaire Dealer for details.

CUSTOM IMPERIAL RBB-201

SUPER RBB-102 (Porcelain enamel finish model shown)

IMPERIAL RBB-101 (shown). DELUXE RBB-100 similar

**A CONSTANT JOY—YEAR IN, YEAR OUT.** Frigidaire Built-In Cooking Tops are installed minutes-quick in a cabinet-top opening. Four models—all available with choice of finish (Brushed Chrome, Snowcrest White, or 4 Frigidaire Kitchen Rainbow Colors). Luxury Custom Imperial has smart remote control panel. This and Imperial model have 2 special heating units—Speed-Heat and Heat-Minder, plus one regular 6" and one 8" Radiantube Surface Units. All models have infinite heat controls and easy-clean tops. Shallow depth construction often permits cabinet drawers beneath cooking top.

**SPECIAL HEATING UNITS.** (On Custom Imperial and Imperial.) Six-inch Speed-Heat gives extra surge of initial heat to get cooking started faster. Eight-inch Heat-Minder guards against burning and boil-overs.

**YOUR FRIGIDAIRE  
REFRIGERATOR-FREEZER  
CAN HAVE THE  
"BUILT-IN" LOOK, TOO—  
EASILY, QUICKLY, ECONOMICALLY**

There's a quick, low-cost way to give your Frigidaire Refrigerator-Freezer the built-in treatment without actually building it in. It's easy—in a simple "recessed" wall opening! Your Frigidaire Dealer can furnish side trim strips and upper grille for installation (see illustration, right) and your appliance magically takes on that smart, wonderful look of an expensive built-in.

Another tip: If your refrigerator sits back against a wall or at the end of a row of cabinets, and "recessing" isn't practical, your Frigidaire Dealer can quite easily (and economically) close the "gap" between wall and appliance by installing a Flush-to-Wall Kit. Improved appearance is worth the slight cost many times over!

**OTHER FINE FRIGIDAIRE PRODUCTS THAT HELP MAKE THE "HAPPY HOME"**

Besides cooking equipment, Frigidaire also offers a full line of Room Air Conditioners, Under-counter and Mobile Dishwashers, Food Waste Disposers,

Water Heaters, Washers, Dryers, Ranges, Refrigerators, and Freezers. Also Ice Makers and Commercial Laundry equipment.

**IF BEAUTIFUL KITCHENS THRILL YOU...**

If you're planning an all-new, remodeled, or even slightly altered kitchen—even just toying with the thought—here's something that will bring you hours of delight and some helpful ideas besides. It's the new 24-page Frigidaire Kitchen Ideas Booklet that shows how clever, colorful, and convenient kitchens can really be. Chock-full of illustrations showing model kitchens, novel decorating touches, innovations in kitchen color, design, and layout. Get a copy soon from your Frigidaire Dealer. Only 25¢. Or send coin to Frigidaire Kitchen Ideas Booklet, Box 124, Dayton 1, Ohio.

Frigidaire reserves the right to change specifications and prices, or to discontinue models, without notice.
