

# 1964 FRIGIDAIRE ELECTRIC RANGES

**new, dramatic built-in look...  
selections and  
features for every cook!**

---

## YOU'VE JUST FOUND YOUR NEW RANGE!

---

It's here in this booklet among 24 new Frigidaire electric ranges.

Yes, 24!

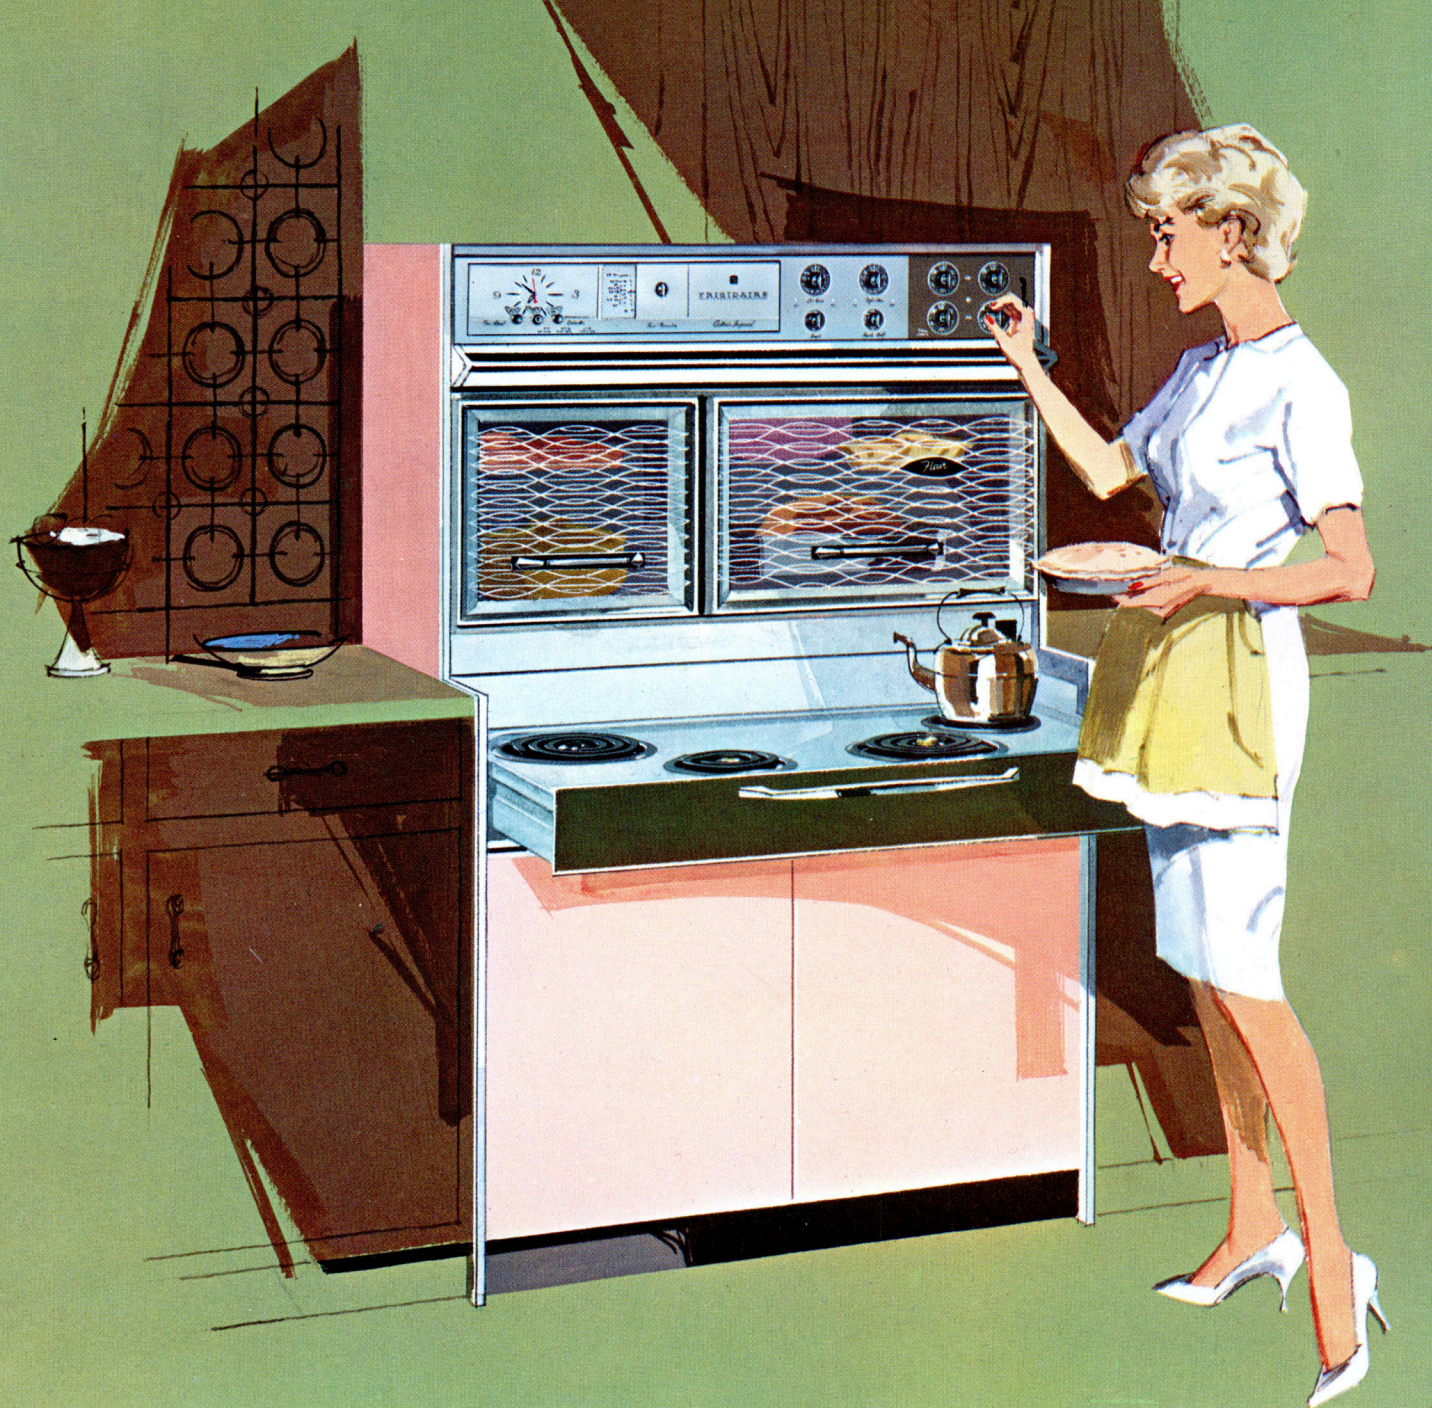

We make two dozen ranges so we'll be sure of having the size, style and cooking features you want — at a price that works easily into *your* budget.

So which will it be? A dramatic, new Frigidaire Flair 30-inch or a double oven 40? Or perhaps you'd go for one of the even newer Twin 30 models. And don't forget to look at all the traditional Frigidaire ranges in two different sizes with just about any combination of features you can name — plus really glamorous 1964 styling!

But there's one thing you won't have to decide on. That's quality. Frigidaire gives you its *best* quality in every range, regardless of the price you pay.

So look at all 24 of these glamorous new 1964's. See if you don't find *your* new Frigidaire electric range in this, our largest selection ever!

---

# FLAIR BY

 **FRIGIDAIRE**

## LOOKS BUILT-IN, BUT IS IT?

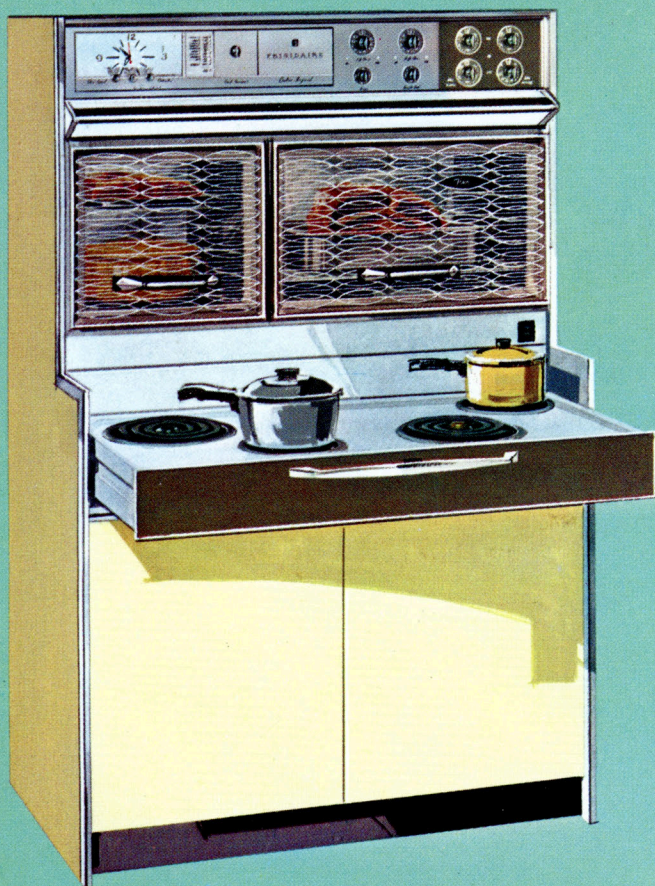

---

Flair certainly has a neat, trim, built-in look. Cabinets fit flush on both sides — even up top. It looks like it belongs permanently. And it's so glamorous, it must be built in. But it isn't.

Flair is really a "slide-in" range. It installs as easily as any conventional model. It has its own metal base cabinet (optional at extra cost) in Mayfair Pink, Turquoise, Sunny Yellow, Aztec Copper or Snowcrest White. Or you can place it on a metal or wood cabinet, custom built for Flair to exactly match the rest of the cabinetry in your kitchen.

Yes, Flair looks built in — *dramatically* built in. But it's really a "slide-in" range. See the next 2 pages for details on the selection of 5 Frigidaire Flair models. Learn about some of Flair's unique features, too, like the Glide-up glass oven door with handsome filigree and Roll-To-You cooking surface.

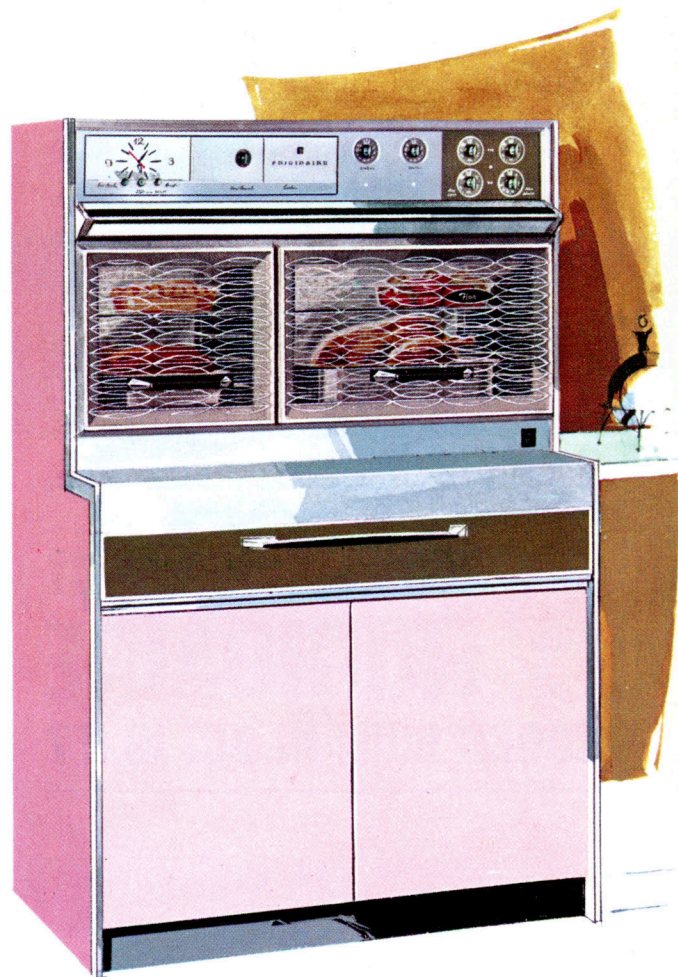

## FRIGIDAIRE HAS A DRAMATIC NEW FLAIR FOR ANY KITCHEN !!!

**Custom DeLuxe 40" RCDH-640.** Full-size, double oven Flair at lower cost. Both ovens have handsome filigree glass doors and practical Porcelain Enamel interiors. Roll-To-You cooking surface hidden from view when closed. Cook-Master automatic oven control for automatic cooking start to finish (includes clock, timer, and automatic appliance outlet). Choice of 4 beautiful colors or gleaming white. Radiant Wall Broiler Grill, Kant-Slide Griddle, Automatic Rotisserie and base cabinet optional at extra cost.

**Custom Imperial 40" RCIH-645.** Here's the most elegant Flair of all. Two eye-level ovens with handsome filigree glass doors and gleaming chrome interiors. Roll-To-You cooking surface hidden from view when closed. Automatic Roast Thermometer. Cook-Master automatic oven control. Radiant Wall Spatter-Free broiler grill. Automatic Broiler Grill Control. Heat-Minder and Speed-Heat surface units. Choice of 4 colors or white. Kant-Slide Griddle, Rotisserie and base cabinet optional at extra cost.

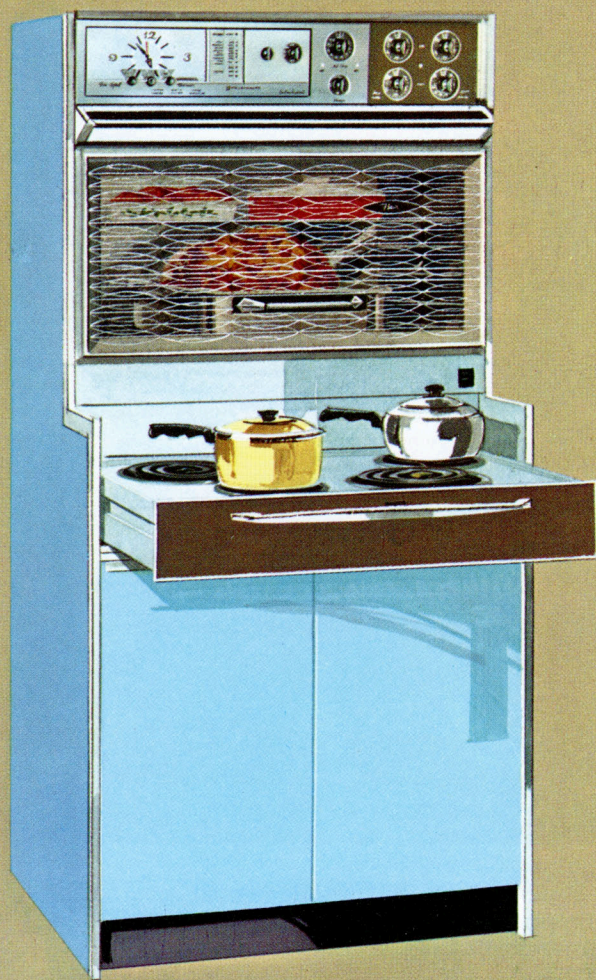

**Special Flair base cabinet.** This handsome metal cabinet holds Flair and all the pots and pans for an average family. Shelves slide out. Choice of 4 colors or white. 30- or 40-inch sizes. (Optional at extra cost).

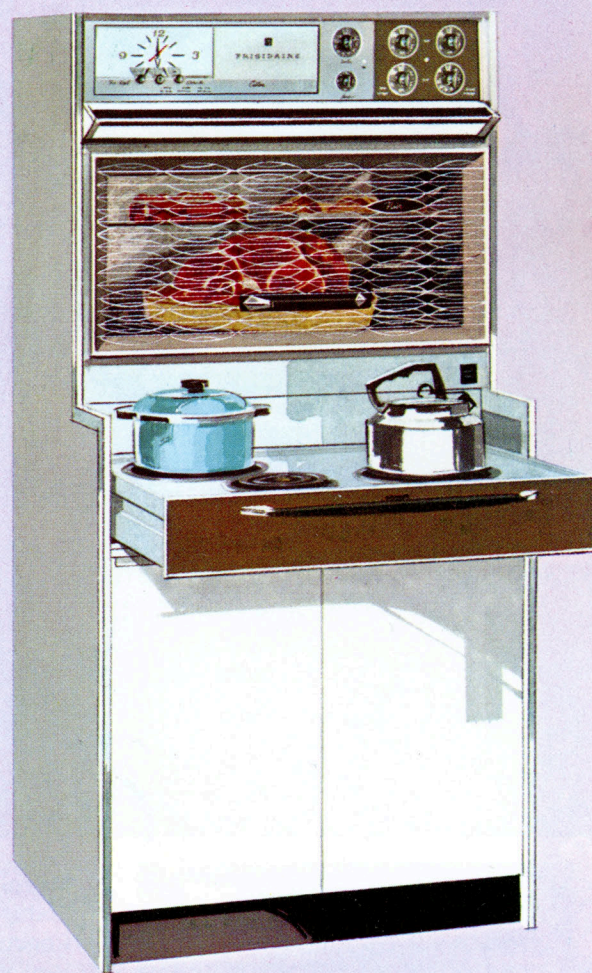

**Custom Imperial 30" RCIH-635.** Here's elegance in a compact 30-inch wide Flair. Giant 26-inch wide oven. Handsome filigree glass, Glide-up oven door, gleaming chrome interior. Roll-To-You cooking surface hidden from view when closed. Automatic Roast Thermometer. Cook-Master automatic oven control. Radiant Wall Spatter-Free broiler grill. Automatic Broiler Grill Control. Heat-Minder and Speed-Heat surface units. Choice of 4 colors or white. Kant-Slide Griddle, Rotisserie and base cabinet optional at extra cost.

**Custom DeLuxe 30" RCDH-630.** A Flair for smaller budgets and compact kitchens. Yet it has a full 26-inch wide oven with handsome filigree glass, Glide-up door. Practical Porcelain Enamel oven interior. Roll-To-You cooking surface hidden from view when closed. Cook-Master automatic oven control for automatic cooking start to finish (includes clock, timer and automatic appliance outlet). Choice of 4 colors or white. Radiant Wall Broiler Grill, Kant-Slide Griddle, Rotisserie, base cabinet optional at extra cost.

**DeLuxe 30" RDH-630** (not shown). Thriftiest Flair of all! Giant 26-inch wide oven takes care of large family cooking needs. Filigree glass oven door glides up to open. Practical Porcelain Enamel oven interior. Roll-To-You cooking surface glides back out of the way when closed. Cook-Master automatic oven control and automatic appliance outlet. Choice of Aztec Copper or Snowcrest White.

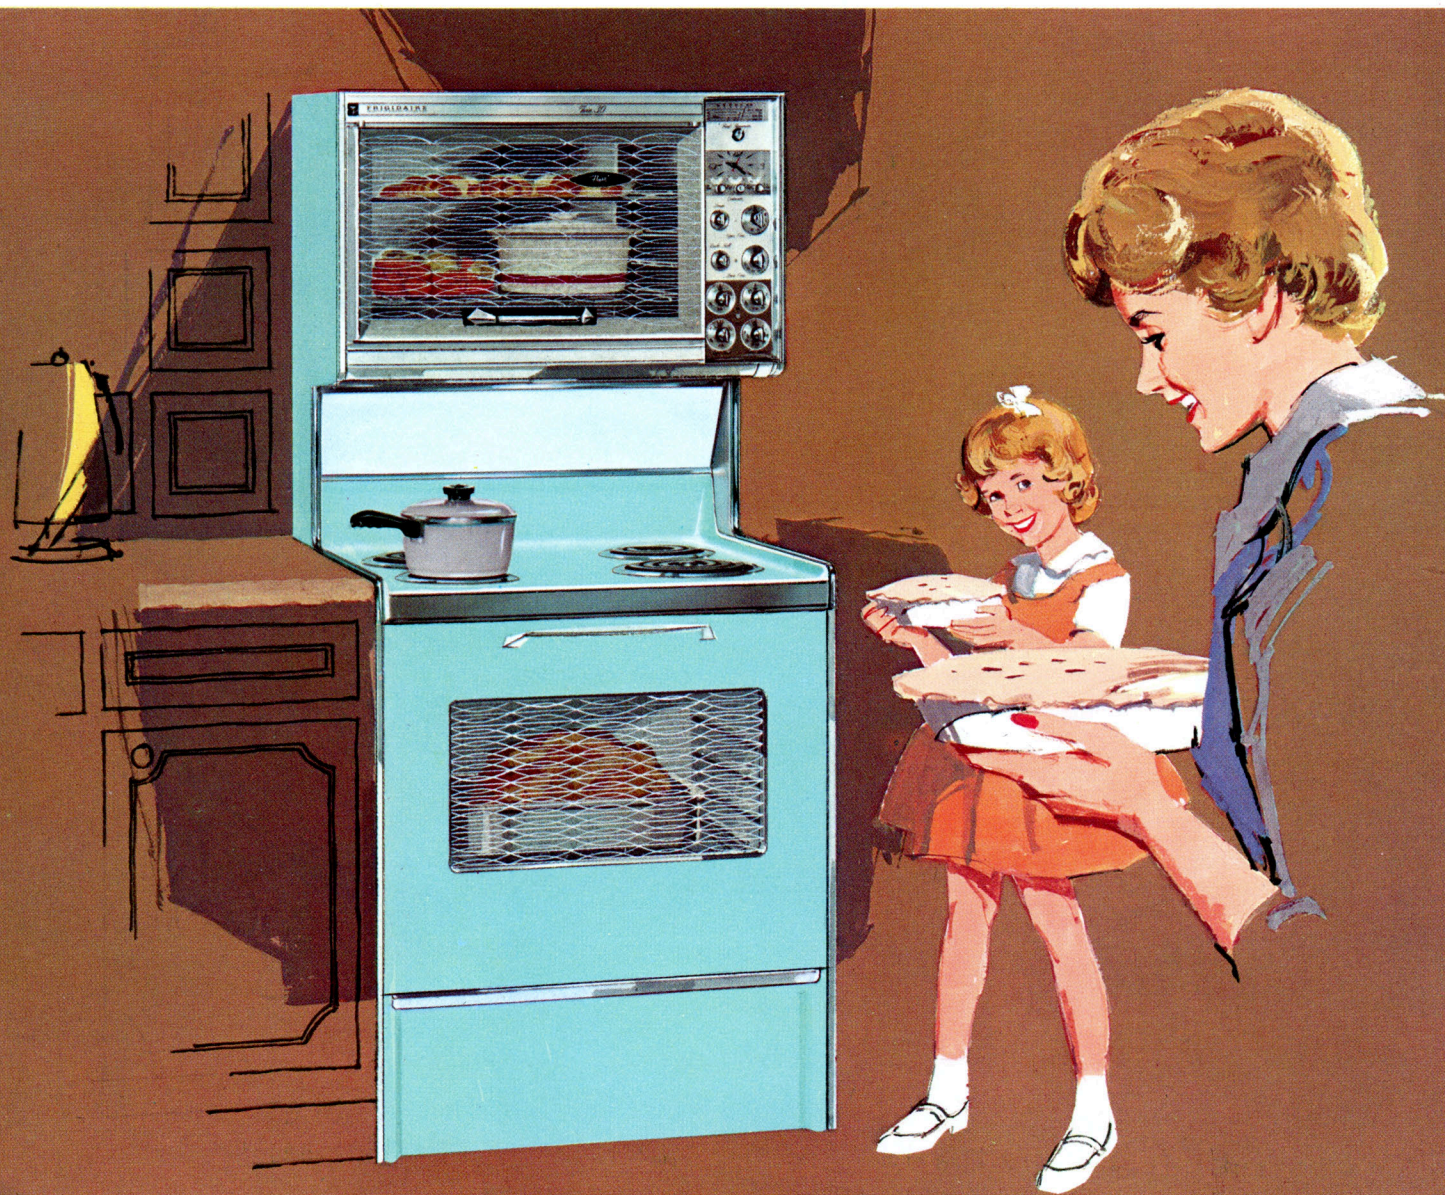

# THE ALL NEW TWIN "30" FLAIR

Not just one but two ovens in a compact 30-inch Frigidaire electric range.

One oven's placed dramatically above the cooking surface. It's so accessible! And you can see in through a handsome filigree glass door to check a cake as you bake. And that door glides up to open out of your way.

The other oven's down below. It's a giant oven — 23" wide — holds even largest holiday turkeys! It, too, has a see-through glass door. What's more, it's an exclusive Frigidaire Pull 'N Clean oven — world's easiest to clean.

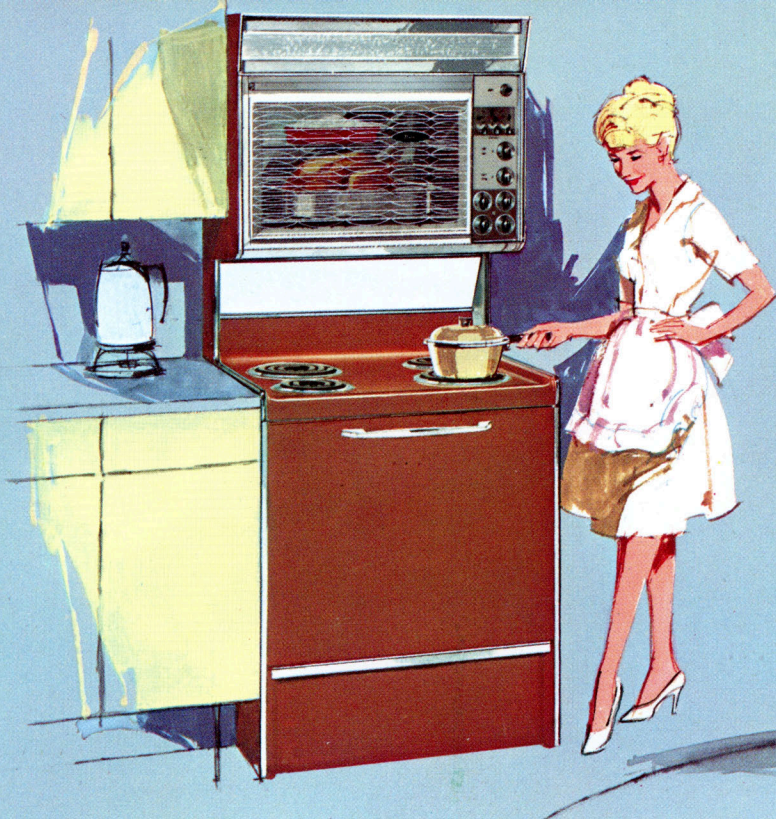

There's much more. The Twin 30 Flair is amazingly complete. It gives you every modern cooking advancement. Check the list below.

**Model RCIH-639 Custom Imperial Twin 30 Flair.** Additional good cooking features: Cook-Master automatic oven control (lower oven). Automatic Roast Thermometer. Radiant Wall Spatter-Free Broiler Grill. Automatic Broiler Grill control. New, recessed, one-piece flowing top. Heat-Minder and Speed-Heat surface units, Kant-Slide Griddle. Full-width storage drawer. Choice of 4 colors or white. Rotisserie optional at extra cost.

**Model RCIH-639V.** Exactly the same as above except it has built-on exhaust hood which removes cooking smoke, heat and odors (vented to outside). Triple-filtering no-vent exhaust hood kit optional at extra cost.

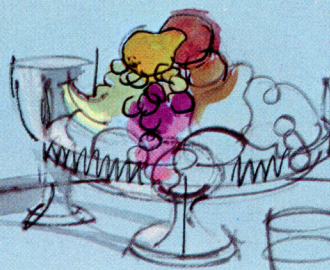

#### **Model RCDH-637V Custom DeLuxe Twin 30.**

This beautiful, moderately priced compact range gives you all these features. Two ovens—upper oven has swing-out glass door; lower oven is giant 23" wide, has Cook-Master automatic oven control. New, recessed, one-piece flowing top. Built-on exhaust hood removes cooking smoke, heat and odor (vented to outside). Full-width storage drawer. Eye-level controls. Choice of 4 colors or white. Radiant Wall Broiler Grill, Kant-Slide Griddle, and triple-filtering, no-vent exhaust hood kit optional at extra cost.

**Model RCDH-637.** Exactly the same as above except it does not have exhaust hood.

## **OUTSTANDING FLAIR AND TWIN "30" FEATURES!**

**Glamorous and practical Glide-Up door.** It glides up to open out of the way. As it opens, it clears tall pans on the surface units. Shields you from oven heat, too (Flair models).

**Automatic Rotisserie shows off** your cooking skill. And it's so easy to use. Just plug it in. It automatically turns the meat over and over, basting it in its own juices—deliciously! Quickly, easily installed in a matter of minutes. (Optional at slight extra cost on all Frigidaire Flair Custom Imperial and Custom DeLuxe ranges and many other models).

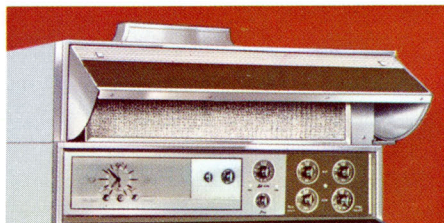

**Neat and trim Roll-To-You Cooking Surface.** It rolls back, completely hidden from view under its own counter-level top. When you want to cook, just pull it out like a drawer. And you cook at convenient lower-than-counter-top height.

On all Flair models except RDH-630 (top rolls back out of way). Not on Twin 30 models.

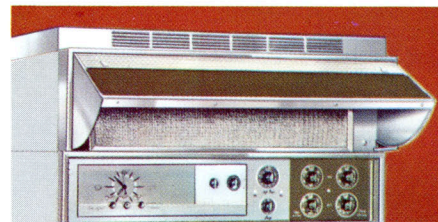

## **CHOICE OF 2 FLAIR EXHAUST HOODS!**

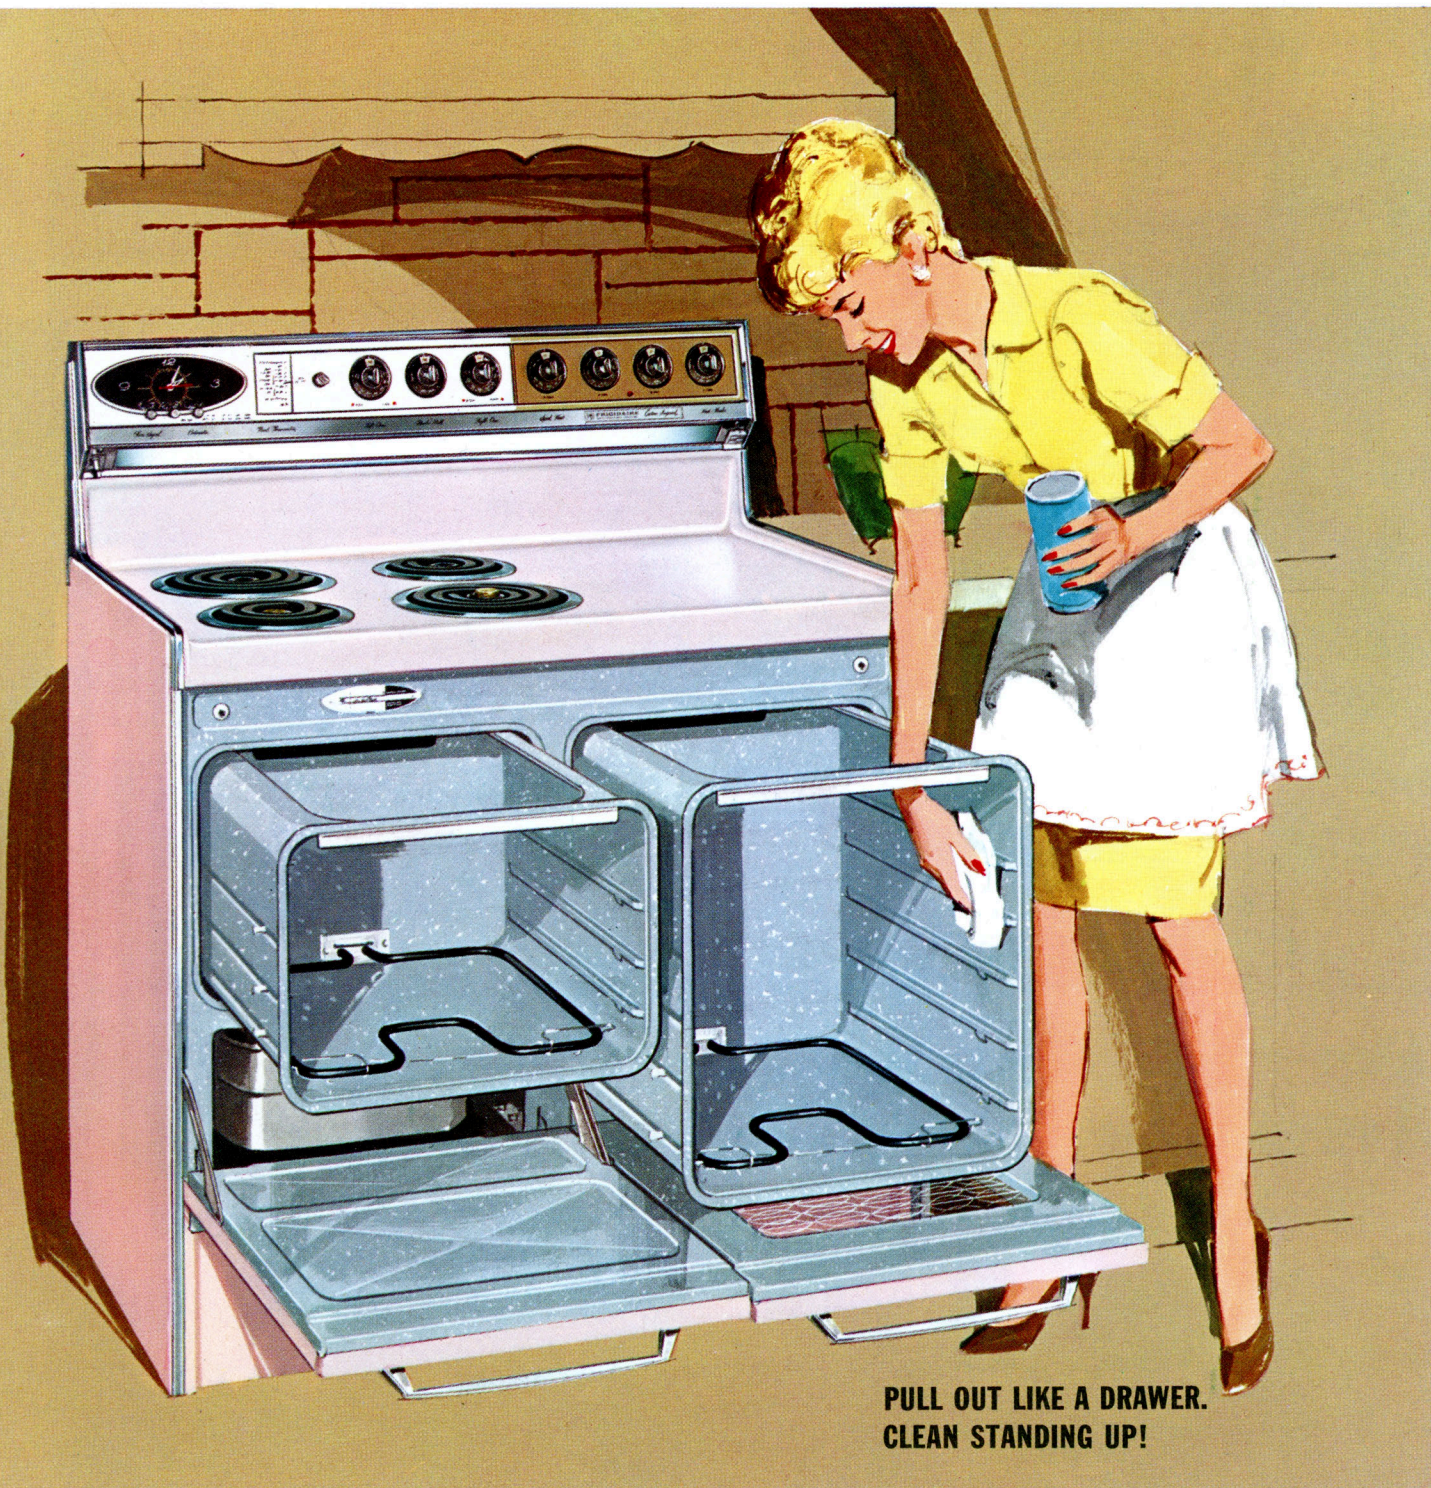

**No-vent** models EH-45H (40"), EH-35H (30"). Triple-filtering system removes cooking smoke, grease and odors. It installs in minutes, plugs right into special receptacle in back of Flair range, no special wiring required and no venting.

**Vented** models EH-40H (40") and EH-30H (30"). Remove cooking odors, smoke, heat and steam and discharge it outdoors. Fan goes on automatically when hood is opened. No special wiring needed; the exhaust unit plugs into special receptacle in back of Flair Range.

**Note:** These vents are optional at extra cost. They may be installed any time on any Flair range except Twin 30 Flair. Special vented models are available in the Twin 30 Flair and Twin 30 Ranges.

**EXCLUSIVE! EXCLUSIVE!**

**FRIGIDAIRE**

**PULL 'N CLEAN OVEN**

Here's the practical oven. Pull it out like a drawer. Clean it from the top while standing up. No stooping! No stretching!

And it wipes bright easily because it's lined with satin-smooth Porcelain Enamel and all edges and corners are rounded off. It's the world's easiest oven to clean.

Then, after cleaning, you simply push the Pull 'N Clean oven back. It's ready for the most delicious baking and roasting, ever!

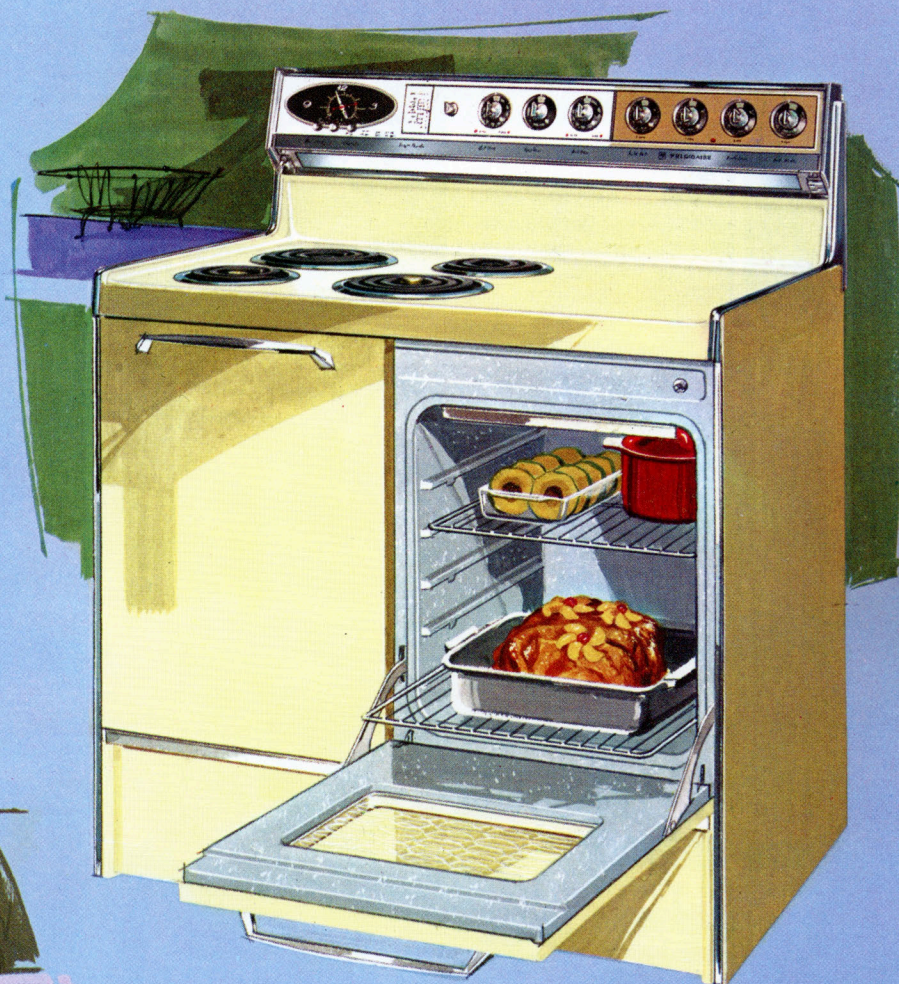

Models RCI-G75-64, RCD-G55-64, RCD-71-64, RDD-20-64, RD-20-64, RCI-G39-64, RCD-G39-64, RD-39-64, RCIH-G39(V).

## A SELECTION OF SEVEN FRIGIDAIRE 40" TRADITIONAL RANGES!

**A completely new look for 1964!** The traditional Frigidaire electric ranges have gone modern — completely modern. Control panels are dramatically high. Cooking surfaces are comfortably lower. And there's a special neat, trim, built-in look overall. Oven door(s) close flush to the front edges of the range cabinet. There's a tasteful use of high-fashion chrome trim. Seven full-size 40-inch models to choose from.

**Custom Imperial RCI-G75-64.** All the finest Frigidaire features are here including two PULL 'N CLEAN ovens — one with see-through glass door. Automatic Cook-Master oven control. Automatic Roast Thermometer. Automatic Broiler Grill Control in small high oven, Radiant Wall Spatter-Free Broiler Grill. Recessed, one-piece flowing top. Heat-Minder and Speed-Heat surface units. Kant-Slide Griddle. Full-width storage drawer. Choice of 4 colors or white. Automatic Rotisserie optional at extra cost.

**Custom DeLuxe RCD-G55-64.** Moderately priced full-size 40" range with new window oven. And it's a PULL 'N CLEAN oven! Automatic Cook-Master oven control. Easy-to-clean Porcelain Enameled broiler pan. Heat-Minder and Speed-Heat surface units. Two storage drawers, one waist-high, the other full-width. Choice of 4 colors or white. Radiant Wall Spatter-Free Broiler Grill, Kant-Slide Griddle and Automatic Rotisserie, optional at extra cost.

**DeLuxe RD-20-64.** Terrific value in a full-size 40" with PULL 'N CLEAN oven. Automatic Cook-Master oven control. Porcelain Enameled broiler pan. Recessed, one-piece cooking surface. Speed-Heat surface unit. Two storage drawers one waist-high, one full-width. Fluorescent cooking top lamp and oven light. Choice of 4 colors or white. Radiant Wall Spatter-Free Broiler Grill and Kant-Slide Griddle optional at extra cost.

**DeLuxe RDD-20-64** (not shown). Same as above except that surface units are divided to put work space in center—cook without crowding on all 4 units at once. Snowcrest white only.

**Custom DeLuxe RCD -71-64** (not shown) Same as RD-20-64 except it has two PULL 'N CLEAN ovens.

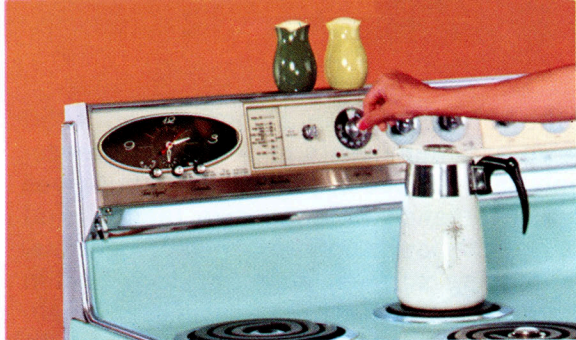

**Super RS-10-64.** Thriftiest Frigidaire full-size range. Recessed, one-piece cooking surface and higher controls. Big Even-Heat oven. Oven signal light. Porcelain Enameled broiler pan. Four radiant tube surface units—two 6" and two 8" with simple rotary controls and unlimited settings from Warm to High. Two storage drawers, one waist-high, one full-width. Radiant Wall Broiler Grill and Kant-Slide Griddle optional at extra cost.

**Super RSD-15-64** (not shown). Another money saver. And this range gives you all the features of the range above PLUS Cook-Master automatic oven control, clock and timer, divided arrangement of surface units, fluorescent lamp, oven interior light.

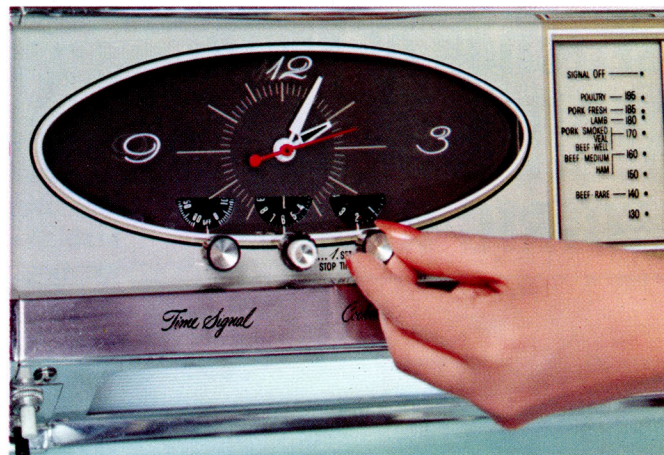

## CONTROLS GO UP! COOKING SURFACE GOES DOWN!

On all traditional 1964 Frigidaire Ranges, control panels are mounted dramatically high — above the “spatter zone.” They’re wonderfully easy to see and use, even though you may have tall pans sitting on the cooking surface.

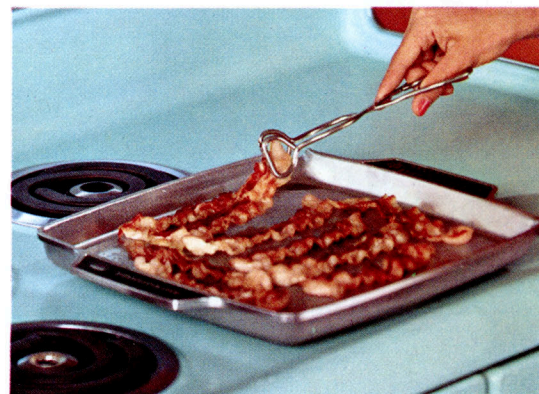

All models have the new, recessed, lower-than-counter-top cooking surface. It’s a more comfortable cooking level for you. The raised edge all around keeps spills and spatters under control. And it’s a one-piece, flowing top with no hard-to-clean cracks and crevices.

**Cooks while you’re away!** Cook-Master automatic oven control starts, stops the oven at the time and temperature you pre-set. Dinner’s ready when you return. Clock and cooking timer are built right into the Cook-Master. It can also control the appliance outlet on the range; any appliance you plug in becomes automatic (even a radio). All models except RS-30-64, RS-30S-64, and RS-10-64.

**Even bacon won’t burn!** Frigidaire Heat-Minder surface unit watches the bacon for you. It maintains cooking automatically at the temperature you set. Guards against scorching, burning,—boil-overs, too. Yours on Custom Imperial Models and RCD-G55-64 and RCD-G39-64.

**Kant-Slide Griddle** on Custom Imperial standard and Twin 30 models, optional (at low cost) on all others.

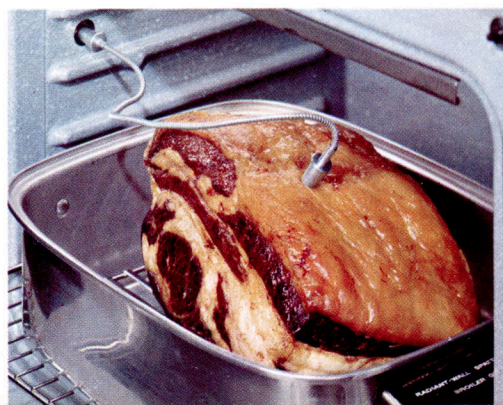

**A taste for outdoor broiling?** Radiant Wall Broiler Grill sears meat like a charcoal grill. It gives you char-broiled deliciousness. And most spatters stay in the pan. That means fewer spatters on oven walls and easier oven cleaning. Standard on Custom Imperial Models, optional on all others.

**Broil to a “t” — automatically!** Just dial the doneness of steaks on the Broiler Grill control — “rare” to “well.” Custom Imperial Models.

**Instant Heat!** Frigidaire Speed-Heat surface unit puts out an extra surge of quick heat the instant you turn it on. It gets cooking hot in seconds. Then it automatically cuts back to the heat you set. On all Custom Imperial models and RCD-G55-64, RCD-71-64, RCD-G39-64, RDD-20-64, RD-20-64 and RD-39-64.

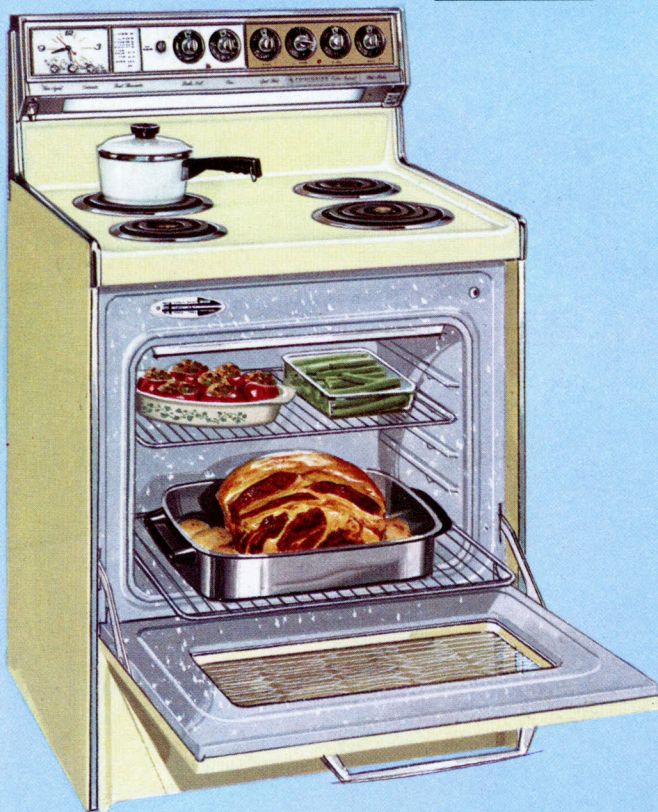

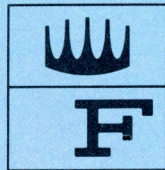

**Roast to a “t” — automatically!** Automatic Roast Thermometer keeps track of the temperature inside the meat as it roasts. Then it signals you when the meat is done. Just dial your roast the way you like it, “rare” to “well.” Custom Imperial Models.

# A SELECTION OF SEVEN FRIGIDAIRE 30" ELECTRIC RANGES

**Frigidaire invented the 30" range!** It was a long time ago (1950 to be exact). So, we've had many years to perfect the space-saving 30". It not only saves space in your kitchen, but gives you all the cooking convenience of larger size ranges. And these 1964 models are the last word: new higher controls, recessed one-piece cooking surface, neat and trim built-in look overall, oven door that closes flush, a tasteful use of high-fashion chrome trim. Seven models to choose from — with exciting, new features and prices to please every family.

**Custom Imperial RCI-G39-64.** Top range luxury in a 30-inch model. Giant PULL 'N CLEAN oven with see-through glass door. Automatic Cook-Master oven control. Automatic Roast Thermometer. Automatic Broiler Grill Control. Radiant Wall Spatter-Free Broiler Grill. Recessed, one-piece cooking surface. Heat-Minder and Speed-Heat surface units. Full-width storage drawer. Choice of 4 colors or white. Automatic Rotisserie optional at extra cost.

**Custom DeLuxe RCD-G39-64.** Moderately priced range with many top features. Giant PULL 'N CLEAN oven with see-through glass door. Automatic Cook-Master oven control. Porcelain Enameled broiler pan. Recessed, one-piece cooking surface. Heat-Minder and Speed-Heat surface units. Full-width storage drawer. Choice of Aztec Copper or White. Radiant Wall Spatter-Free Broiler Grill, Kant-Slide Griddle and Automatic Rotisserie optional at extra cost.

**DeLuxe RD-39-64** (not shown). Lowest priced Frigidaire range with PULL 'N CLEAN oven. Has all features of above except for window door, Heat-Minder and Rotisserie option.

**DeLuxe RD-G38-64.** Lowest priced Frigidaire range with see-through window door. Automatic Cook-Master oven control. Porcelain Enameled Broiler Pan. New, recessed cooking surface. Full-width storage drawer. Fluorescent cooking-surface lamp and oven light. Radiant Wall Broiler Grill, Kant-Slide Griddle and Automatic Rotisserie optional at extra cost. Choice of 4 colors or white.

**DeLuxe RD-35-64** (not shown). Has all features of above except window in door, Rotisserie option and surface unit signal light.

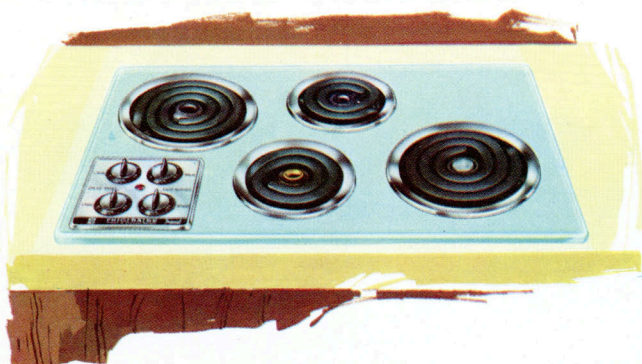

**Super RS-30-64.** Budget buy! Giant 23-inch wide oven. Porcelain Enameled Broiler Pan. New, recessed cooking surface and higher controls. Appliance outlet. Full-width storage drawer. Four Radiantube surface units — two 6" and two 8" — simple rotary controls with unlimited settings from Warm to High. Oven Signal Light. Choice of 4 colors or white. Kant-Slide Griddle and Radiant Wall Broiler Grill optional at extra cost.

**Super RS-30S-64** (not shown). The Frigidaire "Thrifty Thirty" — lowest priced Frigidaire 30" range. Same as above except it does not have storage drawer, appliance outlet, fluorescent lamp, Oven Signal Light, 1 less oven shelf, not available in pink.

# FRIGIDAIRE TRUE BUILT-INS!

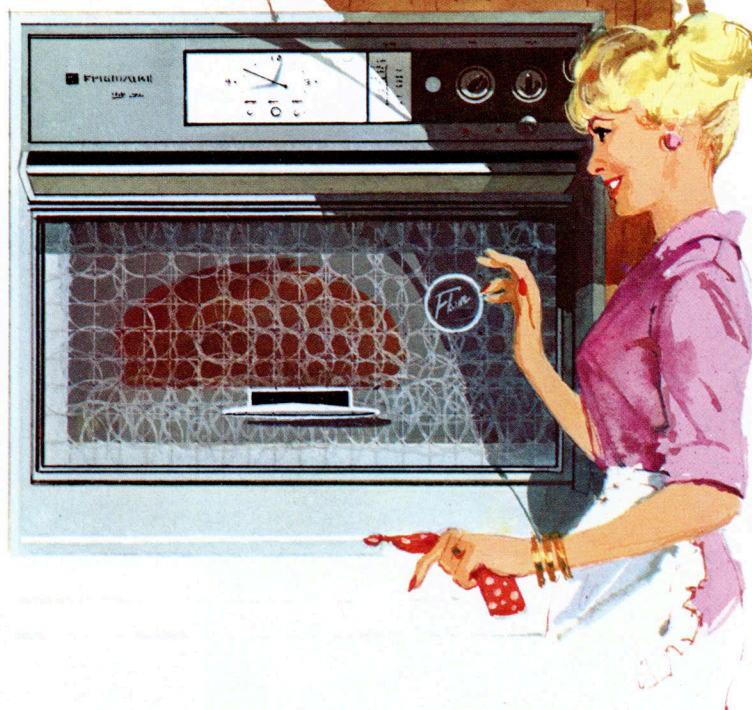

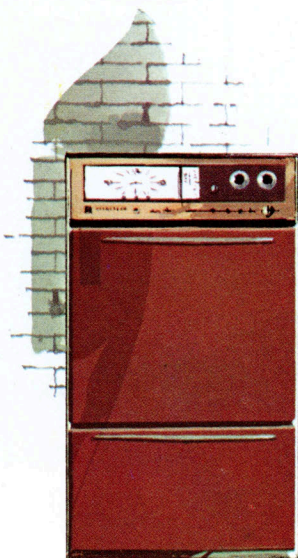

Variety of drop-in units (Model RBB-101 shown). One has remote controls, others have controls built right on the unit. Colors or white.

Compact '30. It's a true built-in. Yet installation's simplified because oven and cooking surface are all together in one unit. Model RBE-533 (shown) has automatic Cook-Master oven control, choice of 4 colors or white and many other features. Lower cost model RBE-530 also available.

Drop leaf wall ovens. Oven door swings down for easy access to the oven interior—makes oven cleaning a snap. Lower oven in model RBE-99 (shown) is an exclusive Pull 'N Clean oven. French door models also available.

Wide selection of wall ovens. This is the RBGB-335 Custom Imperial Flair wall oven with Glide-up door, Cook-Master automatic control and many other features.

## FRIGIDAIRE QUALITY GOES DEEP BENEATH THE SURFACE!

Exclusive Radiantube surface units are built to last the life of the range. They're self-cleaning and flip right up so you can remove Porcelain Enamel drip bowls (most models) below. And notice that rim around each unit. It keeps most spills on top where they're easier to clean up.

Rigid construction permits you to remove the lower drawer completely and sweep the floor underneath (no cross members in the way).

Tapered knobs are easy to grip. And all control knobs remove for easy cleaning of the control panel.

One of the secrets of Frigidaire baking success is in the oven insulation. Thick batting on all sides, and top and bottom keeps heat even throughout the oven.

There are *four* leveling glides (one on each corner) on every Frigidaire range and Flair base cabinet. This assures perfect leveling which is essential for good cooking results and efficient range operation. And your range fits neatly between cabinets — looks trim and built-in!

# FRIGIDAIRE RANGE FINDER

This guide gives you a summary of the major features found on all 24 Frigidaire Electric Ranges to help you find the model that's exactly right for you and your kitchen.
