CHRYSLER SIGMA SE 1980, 1 owner with only 32900 kms, complete with factory books, original purchase receipt, every registration and insurance renewal, even the cut out from the RACV magazine as it was 1980 car of the year!, also has all the service receipts (done every 5000ks) this little car is an immaculate peice of motoring history as it was the last model produced under the Chrysler banner, it is automatic, 2 litre engine, for the RWC i had to put 4 new tyres on it as the factory fitted ones had gone hard due to their age(not cracked or hardly even worn!!) plus due to lack of use the rear wheel cylinders where weaping so its had brand new ones fitted along with brand new pittman & idler arms and a wheel alignment. Now it drives as if just came of the showroom floor, the interior is unmarked as its had covers on it since new and some of the factory plastic covering is still visible. Inside the boot is as new with carpet mat from the factory, being the SE model it was the most luxurist model produced. The only fault i can see is its got a vey small ding on the right hand side of the rear bumper area (can be seen in photo) It will be sold with REG & RWC, so if your looking for an excellent almost classic Aussie car in as new condition here is a great opportunity to own a collectable & usable Gem

Please note i have this advertised elsewhere and reserve the right to remove before auctin ends.
