WHO IS STORAGETEK?

Finding and developing talent is one of the most important things we do at StorageTek. It's critical to the success of our company – always has been. It's why you can count on my support. Giving you new opportunities to challenge and prove yourself. And you have my promise that everyone, at every level of our company, will do the same.

In return, all I ask is for your best effort. Your best ideas. Your desire to improve yourself as you help StorageTek reach new levels of success. I ask that you care about our company, our community and the people working and living beside you.

Pat Martin
Chairman, President and CEO

We're the leading developer of information storage technologies. Companies around the world count on our tape, disk, storage integration and software technologies. They trust us to help them best protect, keep, share and use their ever-growing amounts of data. They count on us to help them get the most out of their data throughout its lifecycle. In other words, our business is making sure companies have the information they need to stay competitive.

StorageTek got its start in 1969, in Boulder, Colorado. Since then, we've done nothing but change the way businesses manage data. You see, innovation is an everyday event at StorageTek. We thrive on it and our customers depend on it. So while our business is stable and grows at a reliable rate, our technologies are truly business-altering. Even as companies manage exponentially more data, StorageTek lets them keep it safer than before, access it faster and use it smarter.

What lies ahead for StorageTek? Frankly, more of the same. Our focus is and forever will be data storage. And as that becomes more critical to companies around the world, the way we help them make the best use of their data and dollars will become more important to them. We are committed to remaining the leader. We are dedicated to innovating and renewing storage technologies. We are excited for the challenges and opportunities that lie ahead of us.

Todd/Global Services/MBA

"Working at StorageTek has been a tremendous learning experience. I've had the chance to lead several marketing and lead-generation initiatives in the Asia Pacific and Latin America regions. I work with teams and executive management from around the world. It's really opened up my options for career advancement."

Vani/Product Marketing/MBA

"Essentially, Evolving Leaders are ambassadors of change. We help StorageTek evolve its operations, ethics and products. We're given the chance to make a difference – everyday. I'm challenged to take calculated risks and go off the beaten path to reach our goals."

YOU HAVE A LIFE TO LIVE. WE KNOW THAT.

StorageTek may be based in Colorado, but we are truly a global company. And we realize that our employees live, work and play in the communities we do business with. We've contributed over \$9 million to public and private organizations since 1991. We encourage all employees to support their communities as much as possible with their time, their creativity and their energy. As part of our Evolving Leaders program, you will have an opportunity to put your talents to work in supporting your community by participating in planned events.

EVOLVING LEADERS: INVESTING IN YOUR SUCCESS.
